

Access your profile data

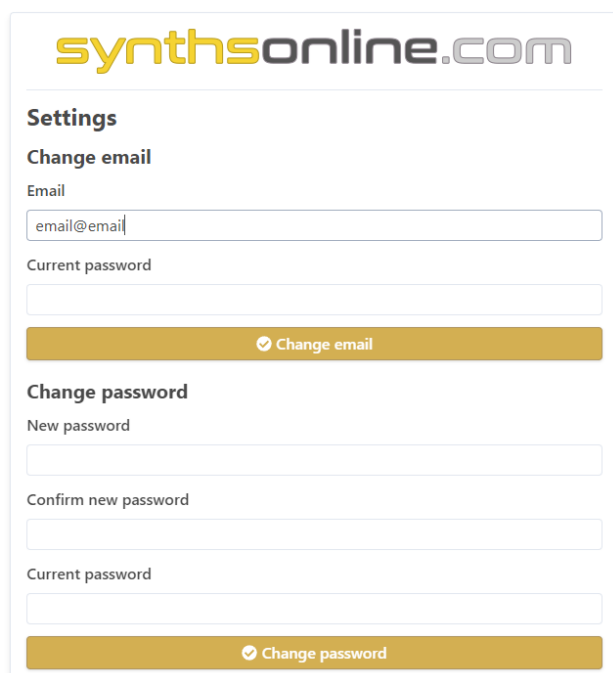

To access to you profile data you can use this direct link or:

- Use the **Account** -> **Profile** menu, as show below

This will show your profile page, for example:

[< back to homepage](#)

A screenshot of a web page titled 'synthsonline.com'. The page is divided into two sections: 'Settings' and 'Change password'. The 'Settings' section has a sub-section 'Change email' with an 'Email' input field containing 'email@email', a 'Current password' input field, and a 'Change email' button with a checkmark. The 'Change password' section has sub-sections 'Change password' with 'New password', 'Confirm new password', and 'Current password' input fields, and a 'Change password' button with a checkmark.
